The British representatives made it

plain that they did not have the power to accept proposals, but that any sug-gestion that might be made would be transmitted by them to London. The atempt to work out the details of a plan for dealing both with the foreign ex-change problem and the cotton situation will be made today by the British rep-resentatives and the American commitees appointed yesterday.

Those who attended the conference be eide the members of the Federal Reserve Board and Sir George Paish and Basil R. Blackett, were Albert E. Wiggin, of the Chase National Bank; Benjamin strong, Jr., H. P. Davison, of J. P. Morgan & Co.; G. H. Price, Samuel McRoberts, F. The finiteers reported that the 190, 100,000 gold pool that had been raised for the clearing of the foreign exchange situation would go further than they had anticipated at first. The bankers, in fact, reported that all maturing obligations certainly would be cared for by this gold pool up to January I. By that time, they expected that the now rapidly increasing flow of exports would have greatly reduced the indebtedness of the United States, and that further extraordinary measures may be unnecessarily the confers.

TERMINAL RAILROAD LEAGUE COMMENT

Car Department ran against a snag-last Friday when they dropped three games to Freight, the latter team set-ting a fast pace for the first game with a total of 513 but were unable to reach the 500 mark in either the second or third. Capt. Mark of the winners has gotten together some mighty good bowlers and it is the consensus of the knowing ones that they will be well up with the lead-ers before the season closes. ers before the season closes,

Car Department for some unaccountable reason has not struck its true stride, although Capt. Schoder has signed up some of the best bowlers in the league. This team is composed of hustlers and is sure to be heard from in the pear

Beck was the most consistent roller for the Auditors, totaling 301 for the evening, while Cline for the wire doc-tors was high man with 26% Beck also got high game for the night with 114.

Disbursing Department kept up their good bowling by taking all three games from Transportation, who were badly weakened by the absence of several of their best bowlers. However, the winners were going strong and it is doubtful if the losers would have benefited to any considerable extent if their team had been intact.

Sensency and Renn, as usual, were the best pin getters for the Disbursers, the former totaling 314 for the night while Renn, getting off to a bad start, finished strong with 107 in his last game.

Car Department sprung a surprise on the fast traveling Southern team, the present leaders, by taking two games out of three last Thursday. Although badly trimmed in the first game, Car Depart-ment came back and won the second by six pins and amid the cheers of their many followers, finished the third with a total of 633 against 471 for the losers.

I. E. Smith, rolling middle man, for the Southern boys, was high man for the evening with a total of 311, which shows that "Smithie" is gradually round-
